## Summer 2023

Friends, in this digital age, where personal information is shared and stored online more than ever, the risk of identity theft is a real concern. At Resource Bank, we've partnered with Kroll, a leading investigative and financial risk advisory firm, to help protect you and your loved ones. We're proud to offer you the ID TheftSmart™ program, a comprehensive, affordable solution designed to help prevent identity fraud.

Shockingly, the Federal Trade Commission estimates that about 1 in 15 people will fall victim to identity theft. The signs can range from unexplained credit cards and missing bills, to unrecognizable debts and issues with credit or employment. Criminals can misuse personal information in a myriad of ways, such as filing for bankruptcy, obtaining fake driver's licenses, opening credit card accounts, renting houses or apartments, and securing employment, all under your identity.

However, ID TheftSmart™ uses state-of-the-art methods to ensure the safety of your identity. Plus, in the unfortunate event of fraud, you will not be alone. Our team of experienced investigators is ready to respond on your behalf to ensure a quick and hassle-free resolution.

**In addition, as a special thank you, we're offering three months of ID TheftSmart™ to our esteemed Classics members free of charge!\* It is our way of showing our appreciation for your loyalty and trust in us. A few more details of this service are listed below:**

- **Triple Credit Monitoring** - Through ID TheftSmart, your credit activity is monitored daily, and any pertinent information is relayed to you via a secure online portal. This proactive approach means you can rest easy knowing your credit is under the watchful eyes of identity protection specialists.
- **ID Integrity Scan** - As soon as you sign up, ID TheftSmart starts scanning the dark web for your personal and financial information. Any suspicious activity triggers an immediate alert, allowing you to take action before any significant harm can be done.
- **ID Theft Restoration** - Victims of identity theft benefit significantly from Kroll's comprehensive restoration services. From investigating fraudulent activities and issuing fraud alerts, to interacting with financial institutions and preparing essential documentation, Kroll's investigators act as your advocate in restoring your identity.
- **Minor Monitoring** - ID TheftSmart's Minor Monitoring program keeps track of activity associated with your minors' Social Security numbers to protect him or her from identity fraud. Then, if needed, restoration services are provided, helping to provide a clean slate for the minor.

We at Resource Bank are dedicated to your safety and security. Stay vigilant and remember, we are here for you. If you have any questions about this service, or would like to sign up for your free three months, please give me a call at (815) 748-1647.
